Description

We specialize in small, exclusive conferences and seminars with a health-promoting programme. Here you will find modern conference technology in historic premises, excellent service and all the amenities you need for your healthy and sustainable conference.

Hold your conference at the birthplace of the original Kneipp therapy!

Sebastian Kneipp developed his famous health concept right here in the Dominican convent, which is why the health of your employees and the sustainable aspect of a conference are particularly important to us.

In addition to conferences in the convent, we offer special health seminars that are individually tailored to your needs and show you holistic solutions. Learn how to break through old patterns of thought and behavior, consciously change attitudes and strengthen your health in the long term. Discover the health offer of the KurOase in the convent - for a healthy and extraordinary conference experience.

Special features & further information

Over 150 years ago, Sebastian Kneipp recognized that body, mind and soul form a unity and must be in balance for people to feel good.

Kneipp's holistic way of thinking enabled him to develop his knowledge into a systematic teaching, enabling the naturopath and priest to create a visionary philosophy that sees people and nature as a balanced unit.

This "Kneipp philosophy of life" is conscientiously continued in the KurOase in the monastery and consists of the 5 pillars:

- Water
- herbs
- nutrition
- exercise
- balance

Once an important place of activity of the "water doctor" Sebastian Kneipp, the convent of the Dominican nuns is today an indispensable part of the KurOase im Kloster. The historically important convent with the stylish cloister, the extensive convent

garden and the baroque church.

The guests of the KurOase im Kloster have exclusive access to this part of the convent, which is not open to the public. During your conference in the KurOase im Kloster you also have the opportunity to take part in the spiritual program of the convent sisters, to end the evening in the historic sisters' choir with an impulse or in our modern convent tavern with delicious drinks or a tea seminar.

We will be happy to create an individual supporting program to suit your seminar, which takes up the sustainable teachings of Sebastian Kneipp.

Our offers:
